

# SURVIVOR SERIES WELLNESS TRAILER

The Globe Power Survivor Series Trailer is a unique offering, presenting a complete remote solution for worksite and disaster recovery scenarios. Equipped with 120v power outlets, on-board filtered and chilled water, built-in seats/workbenches, usb charging ports, Starlink powered WiFi, fridge/freezer and an effective Globe Power lighting system, they're perfectly set up to support exploration mine sites, remote surveys, disaster support, power grid outages and many other applications. The Survivor Series can also be customised to suit your needs, adding additional items such as sinks, canned food racks, first-aid supplies and survival equipment.
